

Bike Route to the KU Student Farm

From downtown Lawrence, head north across the bridge. At the north end of the bridge, take an immediate right (heading east) onto the Kansas River levee trail. Follow the trail approximately one mile to the North 8th Street and Oak Street access point and head north half a block to Oak. Turn right (east) for one long block to North 9th Street/East 1550 Road, the city limit, then four blocks north to Maple Street/North 1650. Turn east onto the gravel road and travel half a mile (the factory will be on your left) to East 1600. Turn left (north) and travel a total of two miles, passing under I-70 and across Highway 40; the farm is half a mile north of Highway 40. **Be very careful crossing Highway 40.**
